

ANJALI PATEL

Frontend Developer | HTML | CSS | JAVA SCRIPT | REACT JS

7024823828 | sj5065070@gmail.com | Indore M.P.

SUMMARY

Aspiring Frontend Developer with strong knowledge of HTML, CSS, JavaScript, and React.js. Skilled in building responsive and user-friendly web interfaces. Eager to apply technical skills and contribute to real-world projects while learning and growing as a developer.

SKILLS

Programming Languages : Java Script

Frontend Technologies : HTML5, CSS3, Bootstrap5, Tailwind CSS

Frame Work : React JS

EDUCATION

Bachelor'in Computer Application	Aug 2023 – Present
Maharaja Ranjeet Singh College	Indore
12 th –MP Board	2023
10 th –MP Board	2021

PROJECTS

1. Blinkit Clone

Skill – Html, Tailwind CSS, Java Script, React Js, Git

- Developed a responsive and dynamic grocery delivery web application inspired by Blinkit, replicating core UI/UX features and user flows.
- Implemented reusable React components for product listings, cart management, and real-time search functionality.
- Styled the application using Tailwind CSS for a modern, mobile-first design with optimized performance.
- Integrated state management and routing to simulate a seamless shopping experience.
- Utilized Git for version control and collaborative development practices.
- Focused on clean code architecture and component reusability to ensure scalability and maintainability.

2. Weather App (API)

Skill – Html, Tailwind CSS, Java Script, React Js

- Built a responsive weather application that displays real-time weather data using the OpenWeatherMap API (or similar).
- Designed a clean, mobile-friendly UI with Tailwind CSS, featuring intuitive layouts and dynamic styling based on weather conditions.
- Utilized React.js to manage component-based architecture, enabling efficient rendering and state management.
- Integrated Fetch API to retrieve live weather data including temperature, humidity, wind speed, and forecast details.
- Implemented error handling for invalid city inputs and API failures to enhance user experience.
- Deployed the app for public access and maintained version control using Git.

ADDITIONAL INFORMATION

Languages: English, Hindi.
